

# Healing Service

Please join us for our healing service during our regular worship time for a service of healing. Worship that day will provide an opportunity for the Peace community to come together for healing and reconciliation after the challenges we've been through over the past several years. It will also be a time for those who need physical, mental, spiritual or emotional healing to receive special prayer and experience God's healing spirit. There will be a community pot-luck following the service; all are invited to bring a dish to share.

**October 2<sup>nd</sup> at 9 a.m.**

**Peace Lutheran Church**
